Comedy with a Catch Steve Russell

Who **IS** this guy? And why does he have 3 juggling clubs on his head? He's Steve Russell and, let's face it, he's not normal.

You've probably seen someone juggle. Sure your Uncle Bob juggles. Lots of people do, but Steve is different.

Steve is **FUNNY** (and we mean that in a good way). **Really** funny! We're talking your **"sides ache from all the laughing"** funny. **"Face hurts"** funny. Painfully funny. Funny with words. Funny with actions. And we haven't even touched upon what he does with a machete, flamingo and Spam!

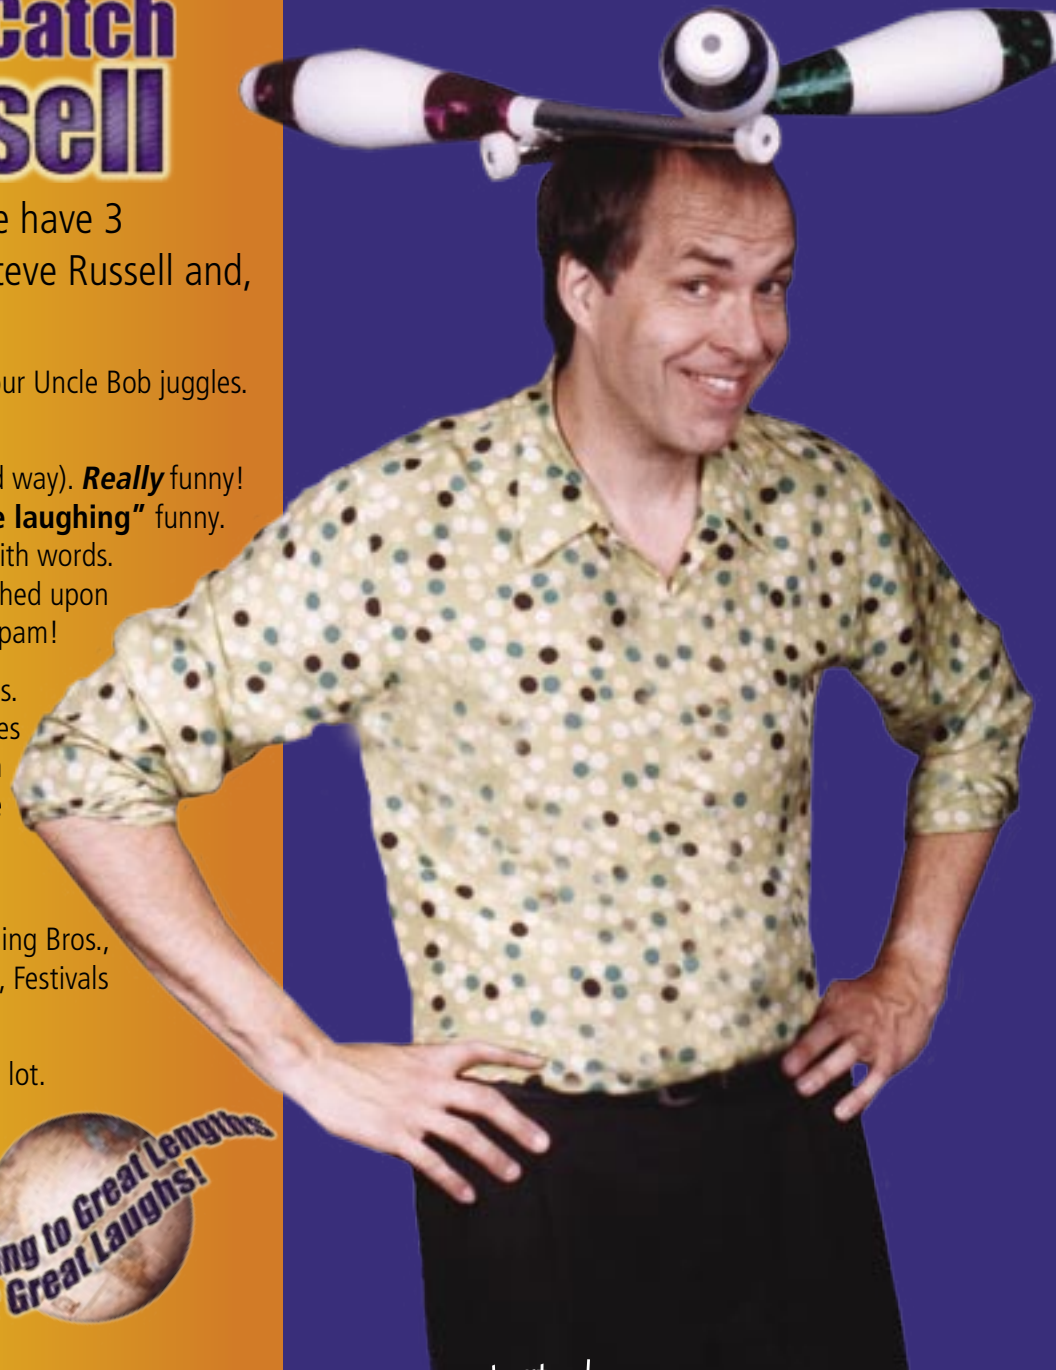

Yes, he has gone great lengths for great laughs. In the course of his career, Steve's performances have taken him to all 50 states and more than 35 foreign countries. From the Pyramids to the Amazon and every place in between (and that includes the middle of the Atlantic Ocean!).

His performing pedigree includes Disney, Ringling Bros., Good Morning America, Cruise Ships, Theaters, Festivals and Corporate Shows all over the country.

And everywhere Steve goes, people laugh ... a lot. Well, just LOOK at him!

The guy's not normal, but it works for him. And he will work for you!

"Steve was **absolutely wonderful!** Once the laughter started, we never stopped."
